There were zero allegations of staff sexual harassment during this period.

As stated above, we have had no occurrences of sexual misconduct this year, in comparison to one unsubstantiated complaint of staff sexual misconduct in 2012. We have made no adjustments for corrective action as none were needed.

During a review by the PREA Committee assembled to discuss our current PREA procedures, it was determined that our current policies and procedures are sufficient in addressing the issue of sexual abuse in our facility. While we had one unsubstantiated incident of staff sexual misconduct in 2012 and none in 2013, we feel that the new PREA policies and training set forth in 2013 greatly enhanced our ability to detect and deter sexual abuse in our facility moving forward.
