## **Staff Sexual Misconduct and Harassment**

Staff Sexual Misconduct and Harassment includes any behavior or act of a sexual nature directed toward an inmate by an employee, volunteer, contractor, official visitor, or other agency representative, and includes two categories which are reported separately and defined as follows:

### **Staff Sexual Misconduct / consensual or non-consensual acts including:**

- Intentional touching of the genitalia, anus, groin, breast, inner thigh, or buttocks with the intent to arouse, or gratify sexual desire; or
- Completed, attempted, threatened, or requested sexual acts; or
- Occurrences of indecent exposure, invasion of privacy, or staff voyeurism for sexual gratification.

### **Staff Sexual Harassment includes:**

- Repeated verbal statements or comments of a sexual nature to an inmate by an employee, volunteer, contractor, official visitor, or other agency representative;
- Demeaning references to gender or derogatory comments about body or clothing; or
- Repeated profane or obscene language or gestures.

The Blue Ridge Regional Jail Authority records all allegations of staff sexual misconduct and sexual harassment.

There were two (2) allegations of staff sexual misconduct during this period.

There were zero (0) allegations of staff sexual harassment during this period.

As stated above, we have had 2 accusations of staff sexual misconduct in 2014. Both of these accusations were by the same inmate on back to back days. These allegations were turned over to special investigators of the Town of Bedford Police Department and they were determined to be unfounded. This result means that after a thorough and objective investigation into both allegations, there was insufficient evidence to make a final determination as to whether or not these events occurred.

During a review by the PREA Committee assembled to discuss our current PREA procedures, it was determined that our current policies and procedures are sufficient in addressing the issue of sexual abuse in our facility. While we had no cases of sexual abuse in 2013, I feel that our PREA policies and training set forth in 2013 greatly enhanced our ability to detect and deter sexual abuse in our facility going forward.
